

Minutes of the Annual Meeting of
The American Association of Immunologists
March 16, 1948 at Convention Hall
Atlantic City, New Jersey

The following officers were elected:

President.....	Dr. Michael Heidelberger
Vice-President.....	Dr. Lloyd D. Felton
Secretary.....	Dr. Jules Freund
Treasurer.....	Dr. Jules Freund
New Councillor.....	Dr. Thomas Francis, Jr.

Dr. Coca was elected Honorary President

The election of members and emeritus members proposed by the Council was confirmed.

A protest against the treatment of Dr. Condon was formulated as a protest of the American Association of Immunologists. The protest formulated by the Council was slightly modified and now reads as follows:

At the meeting of the American Association of Immunologists held in Atlantic City, N. J. on March 16, 1948 the following resolution was adopted:

RESOLVED: That the American Association of Immunologists deploras the accusations made against American scientists by the Sub-committee of the House Un-American Activities Committee. At a time when there is increasing need for scientists of the highest caliber in the Government service, we regret the use of methods which lack the elements of fair play inherent in the American concept of democracy and resemble more the very tactics of those foes of democracy the Committee is striving to guard against.

It was decided that the Secretary should send letters to the members containing this protest and ask them whether they approve of sending this protest in the name of the Association. In addition 3 copies of the protest should be sent to each member to enable them to send on such protest to their Representatives if they wish to do so, not as a member of the Society but as individuals at their discretion.

Respectfully submitted,

Jules Freund
Secretary
